PRODUCT NAME : GAL-250P

PRICE: \$699

DETAILS:

Galleon GAL-250E with DeLorme GPS(voice), DVD/CD/MP3, WiFi Internet, Microsoft Windows XP Software and 7" LCD touch screen dash mount monitor

This is a newer computer than the previous auctions. The PC is refurbished and repacked to new. The computer is housed in Computer Case (DxHxW=12inx2.75inx12in). All components chosen are state-of-the-art and will provide the highest possible performance in a mobile environment.

Imagine how convenient now to navigate, surf and chat in the internet, read and write email, listen to your favorite music or simply doing some work or school assignment on your car/van/truck/boat. This is only possible with this car computer.

Note that internet connection is possible on these areas: WIFI city like San Francisco, Mountain View and in the near future the entire Silicon Valley California, near cafe offering wireless internet, near your office or house where you have wireless internet.

You can have Internet anywhere using bluetooth technology. Use your Cell phone enabled bluetooth and syncs it with the car computer. Amazing internet speed up to 120kbps. Note some phone does not work, please check with your dealer. I used Motorola V557 GSM on Cingular provider.
